COMPANY PROFILE

Established in 1993, AQUAGOLD is a well reputed name engaged in manufacturing and supplying, complete range of Bath Fittings.

Visionary and innovative, AQUAGOLD products are designed to last lifetime. High quality materials and the latest manufacturing processes are combined with industry-leading technologies to ensure years of reliable performance. AQUAGOLD has been built on the platform of high-quality standards, refined and the aim of providing top notch products.

DESIGN

AQUAGOLD supports functionality and aesthetics. Moreover, design and R&D is pillar of the AQUAGOLD strategy. We subscribe to a straight forward and customer centric design philosophy, grounded in the belief that up to par design must transcend form and function to create an emotional bond with its consumers.

QUALITY

AQUAGOLD quality is more than just a PROMISE. It is guarantee that all of our products exceed our customer expectations by delivering quality and lifetime lasting products.

VISION

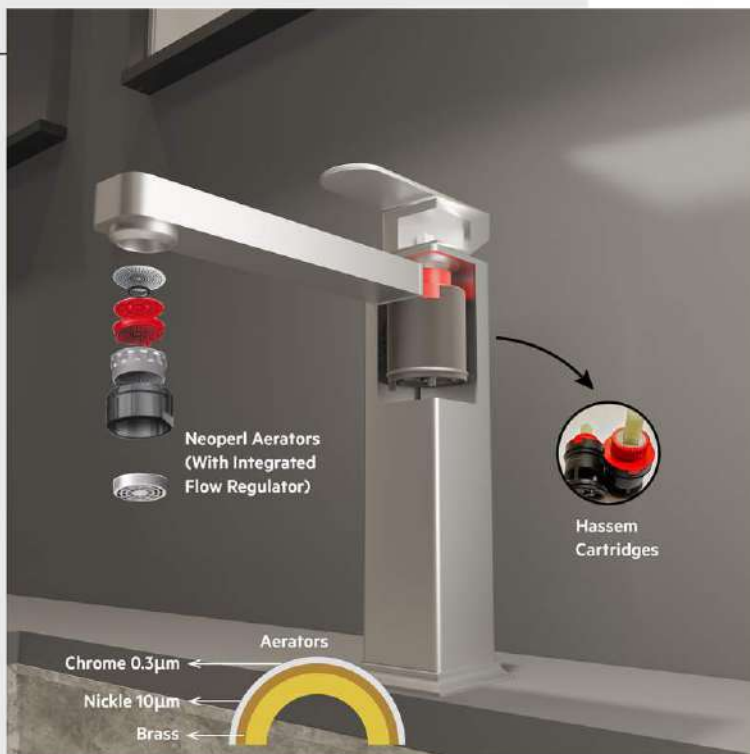

The vision of AQUAGOLD is to build long term relationships with clients across the globe by offering quality products with fair price structure and after sales service. AQUAGOLD is supplying its faucets PAN INDIA and also doing export business. With our brand AQUAGOLD, we have stayed true to our mission of constant improvement and innovation at daily basis.

CUSTOMER CARE

Consumer satisfaction is our basic motto. It is our intent to maintain direct link with consumers, educating them about product quality, installation, after sales service. For Customer Support please contact - +917529801427

WARRANTY POLICY

Warranty Description		Warranty - In Years
The products are warranted against any manufacturing defect specified under the warranty period subject to terms and conditions.	Faucet, Accessory (Only Metal Parts)	10
	Sensor Faucet	5
	Electronic/Electrical assembly for Sensor Faucet	1
	Flush Valve	10
	Faucets with color finish only	5
	Showers, Health Faucets, Handshowers (ABS)	2

GUIDELINES

- Clean the product with water-soaked soft towel or bathing soap solution once in a day or two to keep the plated surface clean and free from any deposits.
- Don't use any type of cleaning/detergent agents which contain acids or chemicals such as flush cleaner, tile cleaner etc.
- Don't use salt or vinegar-based cleaning agents to remove scale or scale-related stains. They may damage the surface or finish of products.
- You need to protect your product from: **Water Scaling, Acid Fumes, Scratching while cleaning, Atmosphere condition**

1. Try to have limited or minimum number of joints in fittings of pipeline to avoid restriction to flow of water.
2. Flush all pipe lines before installing AQUAGOLD faucets and products to ensure smooth flow and blockage of any fitting.
3. Cover the internal fittings and finished faucets with the cotton cloth or poly pack till they are put to actual use to avoid scratches, dirt, stains and other damages.
4. Aerators should be cleaned at regular or weekly intervals to avoid the blockage of water flow.

AQUAGOLD products are severely tested with 20+ quality check points before being sold in the markets. All the metal fitting comes with 10 years of warranty.

- Warranty includes- Manufacturing defects, Casting defects and Porosity defects.
- Warranty is only effective if proof of purchase (original sales receipt) is provided at the time of claiming.
- In case of Leakage, spares will be provided, it will be chargeable as AQUAGOLD products are tested with 20+ quality and testing checkpoints.
- The company is not responsible for defects or damages arising from transportation, improper installation, alteration, accidents, misuse or lack of proper maintenance.
- Hoses, Rubber parts, Plastic parts and consumables are not included in warranty.
- Breakage of cartridges on account of improper handling or use of excessive force are not covered in the warranty.

WARRANTY SHALL NOT APPLY TO THE FOLLOWING:

1. Any defect or damage caused to the product due to natural wear and tear;
2. Any defect or damage arising from negligence, mishandling, improper storage, improper fitting, misuse or improper repair, faulty installation, negligence, accidents and repairs by unauthorized person or maintenance practices
3. The problems arising from inadequate water pressure, water impurities or improper care and cleaning
4. Intentional and Accidental use of cleaners containing abrasive cleansers, ammonia, bleach, hair dye, acids, waxes, alcohol, solvents, bath oil, bath salts or other products not recommended for Color and Coating and due to Improper cleaning or cleaning with coarse cloth also for fading of any material due to sun or chemical exposure.
5. Damage to any products based on or resulting from installation or repair, misuse or abuse or alteration or adjustment, whether performance by a contractor, service company or yourself.
6. Warranty is no longer valid in case of improper installation, Natural calamities such as-
 - Earthquakes, cyclones.
 - Acts of God.
 - Abuse or negligence by the Customer.
 - Normal wear and tear.
 - Damage due to exposure to acids, chemicals, cleaners like phenyls, etc.

OUR PRODUCTS

Creating a product that embodies the principles of reuse, rethink, and sustainability while being globally conscious and environmentally friendly involves addressing each of these topics in detail. Here's how your product can align with these themes:

Rethink: Designing for a Better Future

Discuss the concept of rethinking traditional manufacturing and design processes. Highlight how your product challenges conventional methods by prioritizing environmental impact at every stage.

Reuse: Reducing Waste Through Innovation

Emphasize the importance of reusing materials to minimize waste. Showcase how your product incorporates recycled or upcycled components, giving new life to what might have been discarded.

Global Sustainability: Impacting the World Positively

Focus on how your product contributes to global sustainability goals, such as reducing emissions, conserving resources, or supporting environmental causes.

Environmentally Friendly: Caring for the Planet

Highlight the eco-friendly attributes of your product, such as biodegradable packaging, non-toxic materials, or energy-efficient production.

Terms & Conditions:

1. Prices are subject to change without prior notice.
2. GST will be charged extra as applicable.
3. All disputes are subject to Jalandhar Jurisdiction.
4. Due to constant upgradation of technology, the specifications and designs are subject to change without prior notice.

Faucets, just the best.
